What is Holiday-fy?

Holiday-fy is a **hackathon** run by Mathisi-fy, a 501(c)(3) student-lead non-profit organization where we provide passionate students with an opportunity to learn the ropes of computer science/engineering by enabling them to start their hands-on projects while mentoring them on their journey. If a Holiday-fy participant is unable to financially fund their own projects, they can apply for a hardware + software grant to develop an innovation that benefits the world. At the completion of the project, the student will present their project before our team and the panel will then evaluate the innovation and provide constructive feedback. Holiday-fy aims to be an **all-inclusive event** that allows students to express their creativity and eliminate the social and economic obstacles surrounding computer science. Your company will have left an indelible imprint on the future of technology.

What are the logistics of Holiday-fy?

Last year, we hosted over 500+ students virtually for Holiday-fy 2022, and they came out 55%+ more likely to pursue careers in cybersecurity and artificial intelligence. This year, we plan to host approximately **1,000+ students** with varying amounts of experience in computer science/engineering. Holiday-fy 2023 will be held virtually from **November 7th, 2023 to January 7th, 2024**.

Where will your money go?

Your donation will be going towards web hosting, swag, prizes, and delivering valuable grants to underrepresented students in the field of STEM. Hack+, a 501(c)(3) nonprofit organization, is the official fiscal sponsor of Holiday-fy. All monetary donations to Holiday-fy are **tax-deductible**.

Why become a sponsor?

Sponsors will be able to form **valuable relationships** with the engineers of the future. Many participants of Holiday-fy are novice programmers, so your company will make an **impactful first impression** and consequently have a greater influence on the languages and tools that these coders learn. With this opportunity to reach out and advertise to teenagers and young adults, representatives from your company will be able to increase its leverage and consumer base. Furthermore, sponsors will have the opportunity to send mentors, present APIs, and promote their brands.

Sponsorship Tiers

Sponsorship Tiers (*All Monetary Donations are Tax Deductible*)	Bronze \$500	Silver \$1000	Gold \$2500	Diamond \$4000+
General
